INDEX TO VOLUME IX

Abbreviations: abstr., abstract; assoc. prog., association progress; book rev., book review; c.c., current comment; ed., editorial.

Absorption from the intestine, influence of nervous stimulation (abstr.) 420
Acid, Too much (ed.) 498
Acid-base balance of new-born infants (abstr.) 57
  equilibrium of man (abstr.) 512
Acidity, urinary, effects of tomato and orange juices (abstr.) 149
Administration Section, Western Washington Dietetic Association, Report, A comparative study of amounts and costs of food and labor, 382
  of student labor in college dining halls, The, F. W. Gleiser and E. A. Guthrie, 213
Administrative field widens (c.c.) 502
Admirals-to-be must eat (abstr.) 58
Affiliation, report of state and local association (c.c.) 233
Allergy in children, gastro-intestinal (abstr.) 421
Anderson, W. E. (*see* Smith)
Andress, J. M. (and Goldberger) The health school on wheels (book rev.) 238
Anemia, nutritional, studies (abstr.) 243
  of pregnancy, nutritional (abstr.) 420
  pernicious, treatment with liver-gastric tissue preparations (abstr.) 242
  pernicious, and tuberculosis (abstr.) 148
  pernicious, use of autolyzed liver (abstr.) 148
  pernicious, use of liver extract intravenously (abstr.) 59
Anemias, present status of their dietary treatment (c.c.) 322
Appeal of home cooking (c.c.) 503
Approved courses, news concerning (assoc. prog.) 518
  courses, problems confronting heads of (assoc. prog.) 425
  courses, research grants in hospitals (assoc. prog.) 426
Approved hospitals, affiliations in (assoc. prog.) 425
Arthritis, therapy in chronic atrophic (abstr.) 420
Atwood, F. J. (and Ehlers) The use of evaporated milk in quantity cookery, 306

Balyeat, R. M. (and Busten and Bowen) Egg, wheat or milk-free diets (book rev.) 145
Barber, E. M., What shall I eat? (book rev.) 239
Beaumont, William, pioneer physiologist (ed.) 401
Becker, J. E. (*see* McCollum)
Biguria, F. (*see* Davidson)
Bogert, L. J., Diet and personality (book rev.) 507
Bond, E. D., Food and the mind, 41
Bone development of Puerto Rican children (abstr.) 509
Book Reviews:
  Alcohol and man, 506
  American pocket medical dictionary, 417
  Compilation of diets, 144
  Clio medica. A series of primers on the history of medicine. X. Nutrition, 416
  Diabetes mellitus, 325
  Diet and dental health, 508
  Diet and personality, 507
  Diet in sinus infections and colds, 238
  Dietetics for the clinician, 325
  Dining room management for head waitresses and hostesses, 145
  Dining and wining in old Russia, 55
  Egg, wheat or milk-free diets, 145
  Food-borne infections and intoxications, 505
  Food, nutrition and health, 417
  Food products, 507
  Foods, 506
  Foundations of nutrition, 507
  Gardening with herbs for flavor and fragrance, 238
  Good cooking made easy and economical, 325
  Health school on wheels, 238
  Hows and whys of cooking, 417
  Introduction of laboratory technique in bacteriology, 326

Manual of diets of the Montefiore Hospital, New York City, 55
Manual for food preparation study, 55
Metabolic diseases and their treatment, 505
Milk for the family, 326
New approach to dietetic therapy, 239
Savannah cook book, 55
Strange newes from China: a first Chinese cookery book, 55
Vitamins in health and disease, 144
What shall I eat? 239
Your long-suffering stomach, 418
Bowen, R. (*see* Balyeat)
Brands, buying (abstr.) 241
Bridges, M. A., Dietetics for the clinician (book rev.) 325
Bright's disease, chronic, Proteins in the diet of, H. O. Mosenthal, 81
BROOKE, R. O. (*see* Smith)
BRYAN, M. DEG., Progress in approved courses for student dietitians, 377
BUNTING, R. W. (*see* Koehne)
Busten, E. N. (*see* Balyeat)
Butter fat, fatty acids in (abstr.) 422
Buying fruits and vegetables for the cafeteria (abstr.) 150

Calcium, high, and low phosphorus diets in dogs (abstr.) 328
and phosphorus, points to be remembered (abstr.) 512
California Dietetic Association, Compilation of diets (book rev.) 144
California leads again (assoc. prog.) 426
Carbohydrate classification of fruits and vegetables (abstr.) 512
Carpenter, R. S., Milk for the family (book rev.) 326
Cheese, Nutritive value of various types of, R. B. McCammon and M. M. Kramer, 292
Children, The health of, and the depression, E. Oppenheimer, 361
in hospitals, feeding of (abstr.) 419
CLARKE, J. O., The proposed federal food and drugs bill, 370
Cleanliness, further light on the question (c.c.) 408
standards (c.c.) 321
Colitis, chronic ulcerative (abstr.) 421
Colquitt, H. R., Savannah cook book (book rev.) 55
Convention, Chicago, 245
impressions of 1933 (ed.) 315
1933 Chicago (ed.) 45
Cooking, development of (abstr.) 61
COONS, C. M., Dietary habits during pregnancy, 95
Copper and iron in blood restoration (abstr.) 510
CROUCH, G. P. (*see* Nelson)

Dahl, J. O., Dining room management for head waitresses and hostesses (book rev.) 145
DAVIDSON, P. B. (and Biguria and Guild) The use of evaporated milk in digestive disorders, particularly peptic ulcer, 478
Dental caries, dietary control (abstr.) 240
caries, metabolic studies of children (abstr.) 512
caries retardation (abstr.) 419
caries, A review of recent studies of the cause of, M. Koehne, R. W. Bunting and F. P. Hadley, 445
Diabetes, The correlation of, with other diseases (ed.) 139
experimental, improvement in (abstr.) 329
mellitus, Diet in, A. Marble, 199
mellitus, higher carbohydrate diet method (abstr.) 148
Diabetic diet, The, a study in the available carbohydrate of certain standardized portions, D. E. Flitcroft, 271
patient, helping the (abstr.) 149
Diet and the depression (c.c.) 320
in a university cafeteria, Feeding students at low cost, F. Quast and H. Strand, 36
Diets, comparative costs of metabolic (abstr.) 60
standardization of hospital (c.c.) 46
Dietary department running on a five unit plan (abstr.) 61
department and today's problems (abstr.) 241
and growth rates of 24 girls, 6 to 15 years of age, while recovering from varying degrees of malnutrition, A study of, H. B. Thompson and A. Scholtz, 462
of a hospital, The study of the nutritional adequacy of the personnel, R. Turner and M. W. Northrop, 472

Dietetics abroad (c.c.) 236
examinations (assoc. prog.) 517
Dietitian, Case studies: an outline for the student, D. Duckles, 207
A field for the "non-active" (ed.) 45
internes, Courses for (ed.) 216
Dietitians, hospital courses for student (c.c.) 226
Progress in approved courses for student, M. DeG. Bryan, 377
progress in training student (assoc. prog.) 424
Dorland, W. A. N., American pocket medical dictionary (book rev.) 417
Doughnut, The comparative digestibility of the, A. H. Smith, W. E. Anderson, R. O. Brooke and W. G. Gordon, 6
Dow, U. M. (*see* Heseltine)
DUCKLES, D., Case studies: an outline for the student dietitian, 207

Economy, Food, in a university dormitory managed at moderate cost, V. R. Goddard, M. Gardner, T. Gibson, H. Harbour and J. Hardison, 353
Educational groups, section activities of interest to (c.c.) 219
Efficiency of employees aided by service manuals (abstr.) 58
Eggs, iodine content of (abstr.) 243
EHLERS, M. S. (*see* Atwood)
Emerson, H., Alcohol and man (book rev.) 506
Epilepsy, dehydration in (abstr.) 242
Ergosterol, effect of irradiated on metabolism (abstr.) 243
effects of overdoses (abstr.) 57

Fat in the diet and fecal fat (abstr.) 509
fetal, influence of high and low fat diets (abstr.) 59
FISHER, H. (*see* Kramer)
FLITCROFT, D. E., The diabetic diet: a study in the available carbohydrate of certain standardized portions, 271
Földes, E., New approach to dietetic therapy (book rev.) 238
Food costs, central control system (abstr.) 331
costs, factors affecting (abstr.) 58
costs at the Neurological Institute (c.c.) 142
and drugs bill, The proposed federal, J. O. Clarke, 370
habits, A study of Jewish, C. M. Levin, 389
handler, threat of amebiasis (abstr.) 421
intoxication and infection, F. W. Tanner, 279
and labor, A comparative study of amounts and costs of, Report of Administration Section, Western Washington Dietetic Association, 382
Mental hygiene and (ed.) 403
and the mind, E. D. Bond, 41
products, new definitions (abstr.) 241
selection, economy in (abstr.) 331
sensitization and tolerance, M. A. Ramirez, 286
service, factors in (abstr.) 147
Foods, Commercially prepared strained (ed.) 317
FOX, H. M., Gardening with herbs for flavor and fragrance (book rev.) 238
Frozen fruits and vegetables (abstr.) 329

Gall bladder diseases, dietary and medical management (abstr.) 511
GARDNER, M. (*see* Goddard)
Gastric contractions, effect of milk on (abstr.) 57
hunger mechanism, influence of alterations in blood sugar concentrations (abstr.) 147
GIBSON, T. (*see* Goddard)
GLEISER, F. W. (and Guthrie) The administration of student labor in college dining halls, 213
GODDARD, V. R. (and Gardner, Gibson, Harbour, and Hardison) Food economy in a university dormitory managed at moderate cost, 353
Goiter, The importance of relative iodine deficiencies in certain forms of, D. Marine, 1
and iodine (abstr.) 330
Goldberger, I. H. (*see* Andress)
GORDON, W. G. (*see* Smith)
Grafe, E., Metabolic diseases and their treatment (book rev.) 505
GUILD, R. (*see* Davidson)
GUTHRIE, E. A. (*see* Gleiser)

HADLEY, F. P. (*see* Koehne)
Halliday, E. G. (and Noble) Hows and whys of cooking (book rev.) 417
Hanke, M. T., (Diet and dental health (book rev.) 508
HANNA, M. I., Analyses of cooked meats deprived of visible fat, 188
HANNING, F., Canned strained vegetables as sources of vitamin A, 295
The value of some common vegetables in curing nutritional anemia in the rat, 486
HARBOUR, H. (*see* Goddard)
HARDISON, J. (*see* Goddard)
Heseltine, M. (and Dow) Good cooking made easy and economical (book rev.) 325
Hospital advancement, Furthering (ed.) 494
Hotel use, table linen for (abstr.) 421
Hyperinsulinism (abstr.) 511
epilepsy and narcolepsy associated with (abstr.) 59

Infants, vegetable feeding of (abstr.) 419
Institutional management in the school cafeteria, Teaching (ed.) 216
Iron, availability of, from different sources (abstr.) 422

Justin, M. M. (and Rust and Vail) Foods (book rev.) 506

King, F., Manual for food preparation study (book rev.) 55
Kitchen, electricity in the (c.c.) 412
an experimental in a modern hotel (c.c.) 140
KOEHNE, M. (and Bunting and Hadley) A review of recent studies of the cause of dental caries, 445
Kraetzer, A. F., Your long-suffering stomach (book rev.) 418
KRAMER, M. M. (*see* McCammon)
(and Fisher) A method for comparing the cost of fresh and canned vegetables used in institutions, 490

LEVIN, C. M., A study of Jewish food habits, 389
LEVIN, T. P., Calcium and phosphorus metabolism of normal pre-school children: II. Successive balance studies showing the range of variation in calcium and phosphorus storage, 22
Levine, M., Introduction to laboratory technique in bacteriology (book rev.) 326
Liver, effect upon growth and reproduction (abstr.) 328
pancreas and stomach, external secretory activities (abstr.) 509
Looking back one hundred years (ed.) 450
Low-salt dietary (c.c.) 50
Lusk, G., Clio medica. A series of primers on the history of medicine. X. Nutrition (book rev.) 416

Magnesium deficiency in animals (abstr.) 148
Malnutrition, use of insulin in (abstr.) 140
MARBLE, A., Diet in diabetes mellitus, 199
MARINE, D., The importance of relative iodine deficiencies in certain forms of goiter, 1
MCCAMMON, R. B. (and Kramer) Nutritive value of various types of cheese, 292
McCollum, E. V. (and Becker) Food, nutrition and health (book rev.) 417
Meats deprived of visible fat, Analyses of cooked, M. I. Hanna, 188
Membership campaign (assoc. prog.) 516
Menus, low cost, for college students (c.c.) 143
Metabolism, basal, in asthma and epilepsy (abstr.) 419
The basal, of some American Indian girls, M. M. Shaw, 120
Calcium and phosphorus, of normal pre-school children: II. Successive balance studies showing the range of variation in calcium and phosphorus storage, T. P. Levin, 22
carbohydrate (abstr.) 328
carbohydrate, dietary factor concerned (abstr.) 330
carbohydrate, of the heart during ventricular fibrillation (abstr.) 24
protein, in pancreatic diabetes (abstr.) 328
purine (abstr.) 330
Milk, antirachitic, production of (abstr.) 57
Coagulated, and its dietary uses, F. W. Schlutz, 397
processed and raw (ed.) 138

The use of evaporated, in quantity cookery, F. J. Atwood and M. S. Ehlers, 306
Mineral intake of 38 well-nourished girls 10 to 16 years of age, Studies in the food requirement of adolescent girls: IV. The, B. Wait and L. J. Roberts, 124
MOSENTHAL, H. O., Proteins in the diet of chronic Bright's disease, 81
Motility of the empty stomach, action of insulin on (abstr.) 146
